Safety Data Sheet
Coffee Seed Oil

Section 1: Chemical Product and Company Identification

Product name: Coffee Seed Oil
Contact Info: Bramble Berry Inc.
  2138 Humboldt Street
  Bellingham, WA 98225
  info@brambleberry.com
  www.brambleberry.com
  1-877-627-7883

Emergency Phone Number: Within USA & Canada: 1.800.424.9300 CCN693143
Outside USA & Canada: +1.703.527.3887 (collect calls accepted)

Section 2: Hazards Identification

2.1 OSHA Regulatory Status
This chemical is not considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

2.2 Label Elements
Appearance – Brown, viscous liquid
Physical State – Liquid
Odor – characteristic of roasted coffee

2.3 Hazards not otherwise classified (HNOC)
Not applicable
Other information
Not applicable

Section 3: Composition/Information on Ingredients

3.1 Substance
Synonyms – Coffee Seed Oil
Chemical Name – Coffee Arabica (coffee) seed oil
CAS No. – 84650-00-0
Weight % -
Trade Secret -
If CAS number is “proprietary”, the specific chemical identity and percentage of composition has been withheld as a trade secret.

Section 4: First Aid Measures

4.1 Description of first aid measures
Eye contact – Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes. Seek immediate medical attention/advice.
Skin contact – Non-irritating to the skin
Inhalation – Not a direct hazard
Ingestion – Not a direct hazard

4.2 Most important symptoms and effects, both acute and delayed
Symptoms – No information available

4.3 Indication of any immediate medical attention and special treatment needed
Note to physicians – treat symptomatically

Section 5: Fire-Fighting Measures

4.1 Suitable extinguishing media - Dry chemical, CO2 or water spray
Specific hazards arising from the chemical - No information available

4.2 Explosion data
Sensitivity to mechanical impact – none
Sensitivity to static discharge – none

4.3 Protective equipment and precautions for firefighters
As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

Section 6: Accidental Release Measures

5.1 Personal precautions, protective equipment and emergency procedures
Personal precautions – Ensure adequate ventilation, especially in confined areas

5.2 Environmental precautions
Environmental precautions – See section 12 for additional ecological information

5.3 Methods and material for containment and cleaning up
Methods for containment – Steps to be taken in case Material is released or spilled: Dike and contain the spill with inert material (ie; sand, earth, sawdust) and transfer liquid and solid diking materials to separate containers for recovery or disposal. Wash floor area with hot water solution. Remove contaminated clothing and wash before use. Wash affected areas with soap and water. Keep spills out of all sewers and bodies of water.
Methods for cleaning up – pick up and transfer to properly labeled containers
Section 7: Handling and Storage

7.1 Precautions for safe handling
Advice on safe handling – Handle in accordance with good industrial hygiene and safety practice.

7.2 Conditions for safe storage, including any incompatibilities
Storage conditions – Keep at room temperature not exceeding 25°C
Incompatible materials – None known based on information supplied

Section 8: Exposure Controls/Personal Protection

8.1 Control parameters
Exposure guidelines – This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

8.2 Appropriate engineering controls
Engineering controls - Showers, Eyewash stations, Ventilation systems

8.3 Individual protection measures, such as personal protective equipment
Eye/Face protection – No special technical protective measures are necessary
Skin and body protection - No special technical protective measures are necessary
Respiratory information – If exposure limits are exceeded or irritation is experienced; NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne containment concentrations. Respiratory protection must be provided in accordance with current local regulations.
General hygiene considerations – Handle in accordance with good industrial hygiene and safety practice

Section 9: Physical and Chemical Properties

9.1 Information on basic physical and chemical properties
Appearance: Liquid
Odor: Characteristic of roasted coffee
Color: Brown, Viscous liquid
Odor Threshold: No information available
pH: No information available
Melting point / Freezing point: No information available
Boiling point / boiling range: No information available
Flash Point: > 350°F
Evaporation rate: No information available
Flammability (solid, gas)
   Flammability limit in air: No information available
   Upper flammability limit: No information available
   Lower flammability limit: No information available
Vapor pressure: No information available
Vapor density: No information available
Relative density: 0.920-0.925 @ 50°C
Water solubility: No information available
Solubility in other solvents: No information available
Partition coefficient: No information available
Autoignition temperature: No information available
Decomposition temperature: No information available
Kinematic viscosity: No information available
Dynamic viscosity: No information available
Explosive properties: No information available
Oxidizing properties: No information available
Other information
Softening point: No information available
Molecular weight: No information available
VOC Content (%): No information available
Density: No information available
Bulk Density: No information available
Volatile: No information available

Section 10: Stability and Reactivity

10.1 Reactivity: No data available
10.2 Chemical stability: Stable under normal recommended storage conditions
10.3 Possibility of hazardous reactions: None under normal processing
10.4 Conditions to avoid: Extreme temperature and direct sunlight
10.5 Incompatible materials: None known based on the information supplied
10.6 Hazardous decomposition products: None known based on the information supplied

Section 11: Toxicological Information

11.1 Information on likely routes of exposure
Product information – No data available
Inhalation - No data available
Eye contact - No data available
Skin contact - No data available
Ingestion - No data available

11.2 Information on toxicological effects
Symptoms - No information available

11.3 Delayed and immediate effects as well as chronic effects from short and long-term exposure
Sensitization - No information available
Germ cell mutagenicity - No information available
Carcinogenicity - No information available
Reproductive toxicity - No information available
STOT – single exposure - No information available
STOT – repeated exposure - No information available
Aspiration hazard - No information available

11.4 Numerical measures of toxicity - Product Information

Section 12: Ecological Information

12.1 Persistence and degradability
Readily biodegradable, accidental spillage may lead to penetration into the soil and groundwater, unlikely to accumulate in the aquatic environment, and discharge of large amounts may kill fish and other organisms due to oxygen depletion.

12.2 Bioaccumulation
No information available

12.3 Other adverse effects
No information available

Section 13: Disposal Conditions

13.1 Waste treatment methods
Disposal of wastes – disposal should be in accordance with applicable regions, national and local laws and regulations
Contaminated packaging – Do not reuse container

Section 14: Transport Information

US Federal Regulations
SARA 313
Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

SARA 311-312 Hazard Categories
Acute health hazard No
Chronic health hazard No
Fire hazard No
Sudden release of pressure hazard No
Reactive hazard No

CWA (Clean Water Act)
This product does not contain any substances regulated as pollutants pursuant to the clean water act (40 CFR 122.21 and 40 CFR 122.42)

CERCLA
This material, as supplied, does not contain and substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

US State Regulations

California Proposition 65
This product does not contain and proposition 65 chemicals

US State Right-to-Know Regulations
US EPA Label Information
EPA Pesticide Registration Number – Not applicable
Section 16: Other Information

The information in this publication is believed to be accurate and is given in good faith, but no representation of warranty as to its completeness or accuracy is made. Suggestions for uses or applications are only opinions. Users are responsible for determining the suitability of these products for their own particular purpose. No representing of warranty, expressed or implied, is made with respect to information or products including, without limitation, warranties or merchantability, fitness for a particular purpose, non-fringement of any third party patent or other intellectual property rights including, without limit, copyright, trademark and design.
