

Safety Data Sheet

Applejack Peel Fragrance Oil

May 04, 2016

Section 1: Chemical Product and Company Identification

Product name: Applejack Peel Fragrance Oil
Contact Info: Bramble Berry Inc.
2138 Humboldt Street
Bellingham, WA 98225
info@brambleberry.com
www.brambleberry.com
1-877-627-7883

Emergency Phone Number: Within USA & Canada: 1.800.424.9300 CCN693143
Outside USA & Canada: +1.703.527.3887 (collect calls accepted)

Section 2: Composition/Information on Ingredients

Ascent Aromatics, Inc. regards the identity of the individual components of this product to be proprietary information which is being withheld in accordance with Trade Secret provisions of 29CFR 1910.1200. Certain of the ingredients included may be classified as health hazards, the effect of which would be presumed to be mitigated in the compound.
Components carcinogenic at 0.1% of greater according to OSHA, IARC, NTP, or Other: Zero

Section 3: Hazard Determination – EU CLP Compliant

Liquid may be irritating to skin and eyes.

R/S Codes	R/S Phrases
R43	May cause sensitization by skin contact.
R51/53	Toxic to aquatic organisms, may cause long-term adverse effects in aquatic environment
S24	Avoid contact with skin
S37	Wear Suitable gloves.
S61	Avoid release to the environment. Refer to special instructions/Safety data Sheets
S62	If swallowed, do not induce vomiting: seek medical advice immediately and show this container or label.

Section 4: First Aid Measures

EYES: Remove contact lenses. Flush eyes with cool water for at least 15 minutes. If irritation persists then call a physician

SKIN: Remove contaminated clothing. Wash with mild soap & water. Consult physician if necessary.

INGESTION: Rinse mouth. DO NOT INDUCE VOMITING. Administer milk or water. Consult physician if necessary

INHALATION: Remove to fresh air. Give artificial respiration if necessary. Get medical attention immediately

Section 5: Fire Fighting Measures

Flash Point: 172 °F

HMIS Classification

Health: 1

Flammability: 2

Physical: 0

Personal Protection: B

FIRE FIGHTING PROCEDURE/UNUSUAL FIRE AND EXPLOSION HAZARD

Extinguishing Media

Water Fog:

Foam: X

Dry Chemical: X

Carbon Dioxide: X

Procedures

Fire fighters should wear positive pressure self-contained breathing apparatus. Spray extinguishing media directly into base of flames. Water is unsuitable for use on burning material but may be used to cool container exposed to heat, to reduce built up pressure due to elevated temperatures.

Hazardous combustion/decomposition products: Combustion may produce Carbon Monoxide and Carbon Dioxide

Hazardous polymerization products: When heated to decomposition, produces acrid smoke and fumes

Section 6: Accidental Release Measures

If material spilled or Released:

Remove all potential sources of ignition. Contain spill with inert non-combustible absorbent material, and place in approved containers

Section 7: Handling and Storage

Store in fully sealed containers in cool dry place away from sources of ignition, heat, or direct sunlight. Shelf Life is one year under ideal storage conditions. Follow good industrial and hygienic practices.

Section 8: Exposure Controls/Personal Protection

Ventilation Protection

Local – Mechanical ventilation meeting ACGIH criteria.

Respiratory Protection

Normally protection is not required in a well ventilated area. In confined or poorly ventilated area NIOSH approved respiratory masks may be required.

Eye Protection

Use chemical splash goggles or face shield.

Skin Protection

Use Oil/Solvent resistant gloves.

Others

Good manufacturing practices dictate that an eye wash fountain and/or safety shower should be available in the work area.

Section 9: Physical and Chemical Properties

Specific Gravity: 0.9628 @ 25 °C

Refractive Index: 1.4826 @ 20 °C

Flash Point: 172 °F

Melting Point: Data not found

Solubility in Water: Not Soluble

Odor and Appearance: Clear, Very Very Pale Yellow

Section 10: Stability and Reactivity

Stability: Stable

Avoid sparks, flame and heat. Avoid contact with strong oxidizers & avoid hot work and sources of ignition on or near empty containers.

Section 11: Toxicological Information

Ingestion: May be harmful if swallowed

Inhalation: No Adverse effects due to inhalation are expected

Skin Contact: May be harmful in contact with skin.

Eye Contact: Can Cause Eye Irritation. Protective Safety Glasses are required

Section 12: Ecological Information

The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.

Section 13: Disposal Conditions

Dispose of in accordance with state, local and federal regulations.

Section 14: Transport Information

Air Shipping (IATA)

Non-Hazardous – Chemical N.O.I. Tariff Code 3302.90

OCEAN SHIPPING (IMDG)

Non-Hazardous

Ground Shipping (US DOT Non-Bulk)

Non-Hazardous

Section 15: Regulatory Information

Occupational Exposure Limits

Short Term Exposure Limit (STEL): Data Not Found

OSHA Permissible Exposure Limit (PEL): Data Not Found

Substance Listed as a Carcinogen: No

SARA 313 Subject to SARA reporting: No

NO SVHC are present in this oil

Section 16: Other Information

The information in this publication is believed to be accurate and is given in good faith, but no representation of warranty as to its completeness or accuracy is made. Suggestions for uses or applications are only opinions. Users are responsible for determining the suitability of these products for their own particular purpose. No representing of warranty, expressed or implied, is made with respect to information or products including, without limitation, warranties or merchantability, fitness for a particular purpose, non-fringement of any third party patent or other intellectual property rights including, without limit, copyright, trademark and design.
